

XEROWAVE

An extension of Xerovolt

SUBWOOFER

Xerowave SW-12

High-excursion bass, engineered for the room.

12"

DRIVER

1000W

PEAK POWER

89 dB

SENSITIVITY

26 Hz

LOW END

Engineering

- **High-Excursion Woofer Driver**
a 12-inch driver purpose-built for large cone displacement.
- **Long-Stroke Voice Coil**
high-temperature, sustains deep bass performance under continuous load.
- **Heavy-Duty Hard Paper Cone**
accurate, powerful low-frequency response.
- **High-Excursion Suspension**
engineered for maximum cone movement.

Full Specification

Driver Size	12-inch high-excursion woofer
Peak Power Handling	1000 W
Voice Coil	Long-stroke, high-temperature
Cone Material	Heavy-duty hard paper
Suspension	High-excursion design
Sensitivity	89 dB
Frequency Response	26 Hz – 150 Hz
